Carmichael

RECREATION AND
PARK DISTRICT

To: Advisory Board of Directors

From: Alaina Lofthus, Recreation Services Manager

Date: January 20, 2022

Subject: Recreation Activity Reports for July 2021 – December 2021

Attached are the monthly recreation activity reports for July 2021 – December 2021. These reports reflect the number of people using the district facilities, participating in recreation programs, and attending special events.

Here are some highlights reflected in the reports:

- Events:
Summer Concerts in the Park returned this summer with eight Saturday performances between July and September. The performances were well attended, and the community enjoyed getting together again and listening to live music. The community was very generous and donated to the district more at the event than we have ever received.

The district was also able to do in-person events for Founders' Day, Wall of Honor, and the Annual Tree Lighting. The Tree Lighting event had a couple new additions this year. First, two portable light towers were rented and placed near the food truck area. This was extremely helpful for increasing safety as well as allowing a lighted area for the community to visit, have children run around, while enjoying the event. The new barricades were used near the food truck entrances/exits to increase attendees' safety. Maintenance staff was also able to put the new commercial lights on the tree at Carmichael Park. The lights were bright and eye catching to anyone in the park or those who drive by on Fair Oaks Boulevard. All of these in-person events were well attended, and district staff received positive feedback about them from the community.
- Youth Sports:
The youth sports programs picked up again this September with Elementary and Middle School Volleyball. Both leagues were filled at 45 participants for Elementary and 73 participants for Middle School. Due to dedicated coaches returning and many parent/grandparent volunteers stepping up to coach, participants were able to have fun in a safe environment and complete seasons.

Middle School Basketball started in November and filled up quickly with 75 participants. This league is a collaboration with Sunrise RPD and Orangevale RPD. CRPD staff took lead in hosting the games at the La Sierra Community Center and continue to do an excellent job following COVID-19 guidance and creating a safe place for children to play.

- Adult Sports:

Basketball, volleyball, and softball leagues started this summer with good participation. Volleyball and softball leagues continued this fall with basketball leagues being postponed due to difficulties enforcing Sacramento County Health Ordinance and reluctance from participants to follow public safety rules. The pickleball drop-in program reopened in November and throughout December averaged 22 players a day.

- Youth Development Programs:

Summer Camp averaged 35 children a week. The numbers were reduced to adhere to safety guidance. Staff did a great job creating a safe environment and no known cases or exposures occurred in the program.

The Kids Hangout After School program started up again with children returning to in-person learning. The program started with 15 children but increased to averaging 35 children per week in December.

Tiny Tots Preschool program returned this September with a new instructor and assistant. The program is currently averaging 14 children per week with the younger program full at 10 children.

- Classes:

The district started rebuilding class offerings during this period by restarting previously successful classes and bringing in new partners. The Kidz Love Soccer classes were a big success this fall with 75 participants, the highest the district has ever had for this class. The district expanded services with Skyhawks Sports Camps and had 48 participants in the football and soccer camps/classes this summer and fall. Two new partners were brought in to teach classes. Painting and Vino classes started in August and the district has hopes it can grow in popularity in Spring 2022. Futsal Factory started by renting gym space for their programming over the summer. Staff worked with Coach Kavanagh and in November, the District had established a partnership with Futsal Factory and are now offering Futsal classes at the La Sierra Community Center Gymnasium.

- Facility Rentals:

Facility rentals increased throughout this reporting period. The Picnic Shelter was rented 11 times from July – September and the Bocce Ball Courts nine times during that same period. The John Smith Hall rentals started to come back this reporting period with a total of 10 rentals. The Veterans Hall at Carmichael Park had 19 rentals and has shown to be a great place to have meetings or small gatherings. The largest number of rentals for the district come from the gymnasiums at the La Sierra Community Center. During this reporting period, the gymnasiums were rented 110 times.
